**Subject:** Newfresh Coral NC100 'Air Cleaner'

Hi Mr Lim,

Thank you for the offer to trial out your new product of the Newfresh Coral NC100 'Air Cleaner'.

As compared to my current Maier Ionizer, this new product is much more efficient in eliminating the odour in my car. One typical example is when I brought some food like fried noodle or chicken rice and put in my boot, the smell will spread throughout the whole cabin, even when I came back to my car after 2~3 hrs, it is still quite smelly.

However, after using the Newfresh Coral NC100 'Air Cleaner', it will eliminate the odour pretty fast, I could hardly smell anything in the car cabin after the food is removed from the boot. Not to mention after half an hour or one hour later when I return to my car.

I will definitely recommend this product to my friends and colleagues.

Thank you Newfresh!
