Dear Mr Lim / Mr Ou,

Compliment for a Wonderful Product, 'Coral'

I have been using your product, 'Coral' since last month and am impressed with its effectiveness. My car is now odourless and my family has stopped complaining about the foul smell in the car.

My wife has a very sensitive throat and is easily irritated by most strong perfumed car deodorizer. For this reason, I have limited the usage of car deodorizer until I come across and start using your product 'Coral'. Within a day of usage, the odour in my car is gone.

My wife and I are now passionate advocates of 'Coral'. We have been sharing the effectiveness of this product with our relatives, friends and business associates.

Thank you for this wonderful product and we look forward to more innovative products from your company.

Yours sincerely

Jimmee Lee Kok Yew
